# **Live life as an expat, live in The Philippines**

...A warm tropical climate... laid back lifestyle... low cost of living... friendly locals... beautiful island ladies... English spoken everywhere... low-cost, high-quality medical services... and the ability to affordably live the lifestyle you want, on your own terms.

The list of reasons why people dream of an expat life in the Philippines is almost endless. But, why just dream? If you want an affordable, exotic lifestyle living abroad, discover how you can turn your dream into a reality - and live in the Philippines.

To live in the Philippines is not a pipe dream. You can be one of the many expats that enjoy the low-cost, high-standard of living in this tropical paradise.

To enjoy an expat life in the Philippines, when planning, moving, and settling in to your new life abroad, you need to know a little something about the place: Things about the country itself, quirky local customs - and how they affect you... the people - and how best to act and deal with different situations... The local housing market - you really don't want to make a mistake there!... How much money do you need – the cost of living for the expat lifestyle you want to lead... where you can save extra money from your monthly budget and, of course, you really must know about the many pitfalls to avoid when you live in the Philippines. In short, you need true facts and needful information – not just the 'pretty' tourist details and hype.

Any good bookshop has lots of books full of Philippine tourist information hype. Go online and you'll find many websites and message boards with pieces of info on Philippine nightlife and the fun exploits to be had with local ladies of, shall we say, 'financially negotiable virtue.' Unfortunately, none...
